

Factory Production Operative

Hours of work: Mon-Fri between 6am – 4pm – 40 hours a week – must be flexible

Due to a period of rapid growth, we are looking for 3 new production operatives to join our team. You will have the opportunity to work in a range of roles and will be trained in multiple disciplines. Production operators are required to safely perform work to strict quality standards, to work on their own or as part of a team and to carry out duties that are delegated from supervisors/managers in an efficient, safe and timely manner. Staff, from time to time, may be moved to different departments according to the needs of the business.

Responsibilities will include:

- Promotion of a CAYG attitude
- Being audit ready at all times
- Being aware of the importance of Health and Safety in the work place
- Manual handling may be required
- May include correct completion of paperwork

These duties are not exhaustive and the Company reserves the right to require you to perform any duties or training of others which will assist the efficiency of the department and the needs of the business.

You will be required to complete Health & Hygiene paperwork as part of your induction

Get in touch and if possible send us a copy of your CV to enquiries@lewispies.co.uk
